

PROHIBIT ALL E-CIGARETTE FLAVORS.

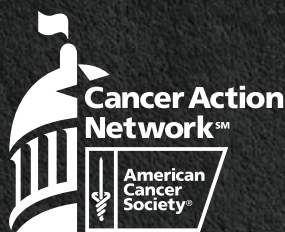

Mint, cotton candy, and menthol are just a few of the thousands of flavors e-cigarette companies use to target our children. While the FDA delays action to halt the sale of all flavored e-cigarettes, Big Tobacco is continuing to addict kids and profit at their expense.

President Trump – you have the power to protect our nation's children.

Tell Big Tobacco that our kids' health isn't for sale.
