Executive Summary

In 2017, California's successful effort to raise the tobacco tax finally paid off. Hundreds of millions of dollars are now going to strong tobacco control and prevention programs, health care and dental care for Californians. The state's success earned California the best grades in the country in the American Lung Association's *State of Tobacco Control 2018* report.

The national report tracks progress on key tobacco control policies at the state and federal levels as of January 2, 2018. The report assigns grades to every state in five key areas. This year's report features California at the top of the pack thanks to our strong tobacco control policies, earning A's for Tobacco Prevention and Control Funding and Smokefree Air policies, B's for our Tobacco Tax and Minimum Age policies, and a C for Access to Cessation Services. California's grades are the best in the country and reflect major steps that were taken in 2016 and 2017.

Despite the significant progress, our fight against the damage caused by tobacco remains monumental. Tobacco continues to be the number one cause of preventable death in California. Over one-quarter of all cancer deaths in California are attributable to smoking, and nearly 11,000 kids start smoking each year.

While 2016 may have been a great year for tobacco control efforts at the state level, 2017 was a successful year for local tobacco control efforts. Not only did a record number of communities increase their grade to an A, the type of policies adopted at the local level included new and innovative ideas to address tobacco control issues. Additionally, some communities that struggled in the past to address the impacts of tobacco are stepping up and adopting strong policies to protect their residents.

That is why, in coordination with the national report, the American Lung Association in California releases its *State of Tobacco Control 2018 - California Local Grades* report to track how well California municipalities protect their citizens from the burden of tobacco. The *State of Tobacco Control 2018 - California Local Grades* report is based on a review of county and municipal codes in four key areas for all 58 counties (which cover the unincorporated areas of the county) and 482 incorporated cities and towns in the state. Since the first such report, the number of communities with an overall "A" or "B" grade has increased dramatically.

The purpose of the *State of Tobacco Control 2018 - California Local Grades* report is to increase public knowledge about local laws that protect residents from the deadly toll of tobacco and to encourage local leadership to take action where improvement is needed. Leadership on key issues and solutions to these difficult problems can come from every level of government. Local elected officials can, and should, take steps to protect residents from tobacco and secondhand smoke.

Highlights from this year's California report include:

- A record number of 10 communities improved their overall grade to an "A" this year
- More than a dozen communities increased their grade from an "F" to an "A" in at least one policy area
- 17 fewer communities received overall "F" grades compared to 2016

State of Tobacco Control in California 2018 Highlights

In 2017, 75 Cities and Counties Adopted Strong Policies

19 communities increased their grade to an “A” in at least one category, 20 communities adopted policies in at least two of the four policy areas.

In 2017, 75 municipalities adopted local ordinances in at least one of the four policy categories included in the *State of Tobacco Control 2018 - California Local Grades* report. This year saw huge increases in the number of communities adopting policies in outdoor areas, with 32 municipalities adopting new ordinances in 2017. Other policies passed in 2017 include 12 new restrictions on smoking in multi-unit housing, 11 requirements for tobacco retailers to obtain licenses, and 47 ordinances on emerging issues that help regulate the sale of novel tobacco products. See the “Cities and Counties on the Rise” section of the report (page 6) for the full list of municipalities that passed policies in 2017.

This year, California began reaping the financial and health benefits of an increased tobacco tax. I've seen personally how effective it can be as one of my close relatives, a long-time smoker, finally quit the day the tobacco tax went into effect. Our family was so grateful for his lifestyle change and we've already seen a big improvement in his health. The new tax will help countless other Californians with millions of dollars in increased funding now flowing to health care, dental and anti-smoking programs in our state.”

- MARK JOHNSON
Board Chair, American Lung Association in California

For the first time, the number of communities awarded “A” grades increased by 10 communities

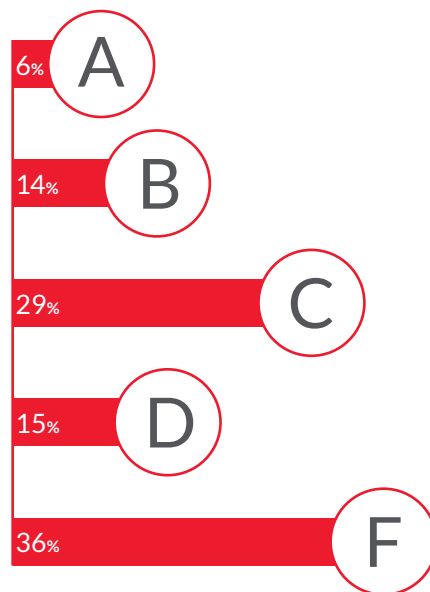

Since 2012, the number of cities and counties that receive an “A” for their Overall Tobacco Control grade has nearly tripled from just 12 communities then to 31 communities in 2017. Notably, the cities of Palo Alto and Los Gatos improved their overall grade from a “D” to an “A” in just one year. (For a complete list of the cities with overall “A” grades, see Appendix B.)

50% of Californians are Still Unprotected

While the overall number of “F” grades continues to decline steadily, half of California’s population still live in communities scoring “D” or “F.” Only 6 percent of Californians live in areas with an “A” grade.

Percent of Population by Overall Tobacco Control Grade

14 Communities Improved Their Grade from an “F” to an “A” in at Least One Policy Category in 2017

| Fairfax | San Leandro |
| La Verne | Ventura County |
| Los Gatos | Windsor |

Cities and Counties on the Rise

Each year, cities and counties across the state work diligently to safeguard their residents from the harmful effects of tobacco. Our “On the Rise” communities have taken action during 2017 to reduce sales of tobacco products and prevent the harmful effects of secondhand smoke. For some communities, these policies represent a hard-earned first step in tobacco control policy. For others, these policies round out comprehensive measures already in place. Each of these policies represent the tangible impact that tobacco control efforts are having on communities.

These 75 “Cities and Counties on the Rise” adopted local ordinances in at least one of the four policy categories in 2017. In most cases, their actions improved their grade, but in some, the ordinance(s) only contributed to increasing the points in the particular grade category. Either way, these policies are noteworthy and deserve acknowledgement.

On the following pages are the 2017 “Cities and Counties on the Rise,” which are listed along with the grade categories in which they passed a policy. For further details about each municipality’s grades and points, including their Overall Tobacco Control grade, see the county report cards that begin on page 29.

How Did Your Community Fare?

The Lung Association grades 540 communities in California on their tobacco control efforts.

Visit www.stateoftobaccocontrol.org/california2018citysearch to see how your community fared in the State of Tobacco Control 2018.

Secondhand smoke has had an impact on my family. My brother, Bilal, has asthma.

Growing up in an apartment complex, he had to deal with secondhand smoke drifting into our home. He often missed school because his asthma is so severe. Increasing smokefree policies for multi-unit housing will help people like my brother breathe clean air in their own homes.”

- SUMAYYA A.

Volunteer and Lung Health Champion for the American Lung Association in California

Northern California

City	County	Grade Category Improvement
Alturas	Modoc	Smokefree Outdoor Air (F to A) Reducing Sale of Tobacco Products (F to A) Emerging Issues (2 point bonus)
Shasta County	Shasta	Smokefree Outdoor Air (point increase)
Shasta Lake	Shasta	Emerging Issues (1 bonus point)
Mount Shasta	Siskiyou	Smokefree Outdoor Air (F to C)

Greater Sacramento

Parlier	Fresno	Emerging Issues (1 point bonus)
Sanger	Fresno	Smokefree Outdoor Air (F to D) Emerging Issues (1 point bonus)
California City	Kern	Emerging Issues (1 point bonus)
Kern County	Kern	Emerging Issues (1 point bonus)

Central Coast

City	County	Grade Category Improvement
Paso Robles	San Luis Obispo	Smokefree Outdoor Air (F to A) Smokefree Housing (F to C)
Santa Barbara	Santa Barbara	Smokefree Outdoor Air (D to B) Reducing Sales of Tobacco Products (D to C) Emerging Issues (1 point bonus)
Moorpark	Ventura	Overall Tobacco Control Grade (D to C) Smokefree Housing (F to B)
Ventura County	Ventura	Smokefree Outdoor Air (F to A) Emerging Issues (1 point bonus)

Orange County

City	County	Grade Category Improvement
Aliso Viejo	Orange	Smokefree Outdoor Air (point increase)
Laguna Beach	Orange	Smokefree Outdoor Air (D to A) Smokefree Housing (F to C) Emerging Issues (2 point bonus)
Placentia	Orange	Smokefree Outdoor Air (F to D) Emerging Issues (1 point bonus)
Seal Beach	Orange	Emerging Issues (1 point bonus)

Inland Empire

City	County	Grade Category Improvement
Cathedral City	Riverside	Reducing Sale of Tobacco Products (F to A)
Rancho Mirage	Riverside	Reducing Sale of Tobacco Products (D to A)
Rancho Cucamonga	San Bernardino	Emerging Issues (1 point bonus)

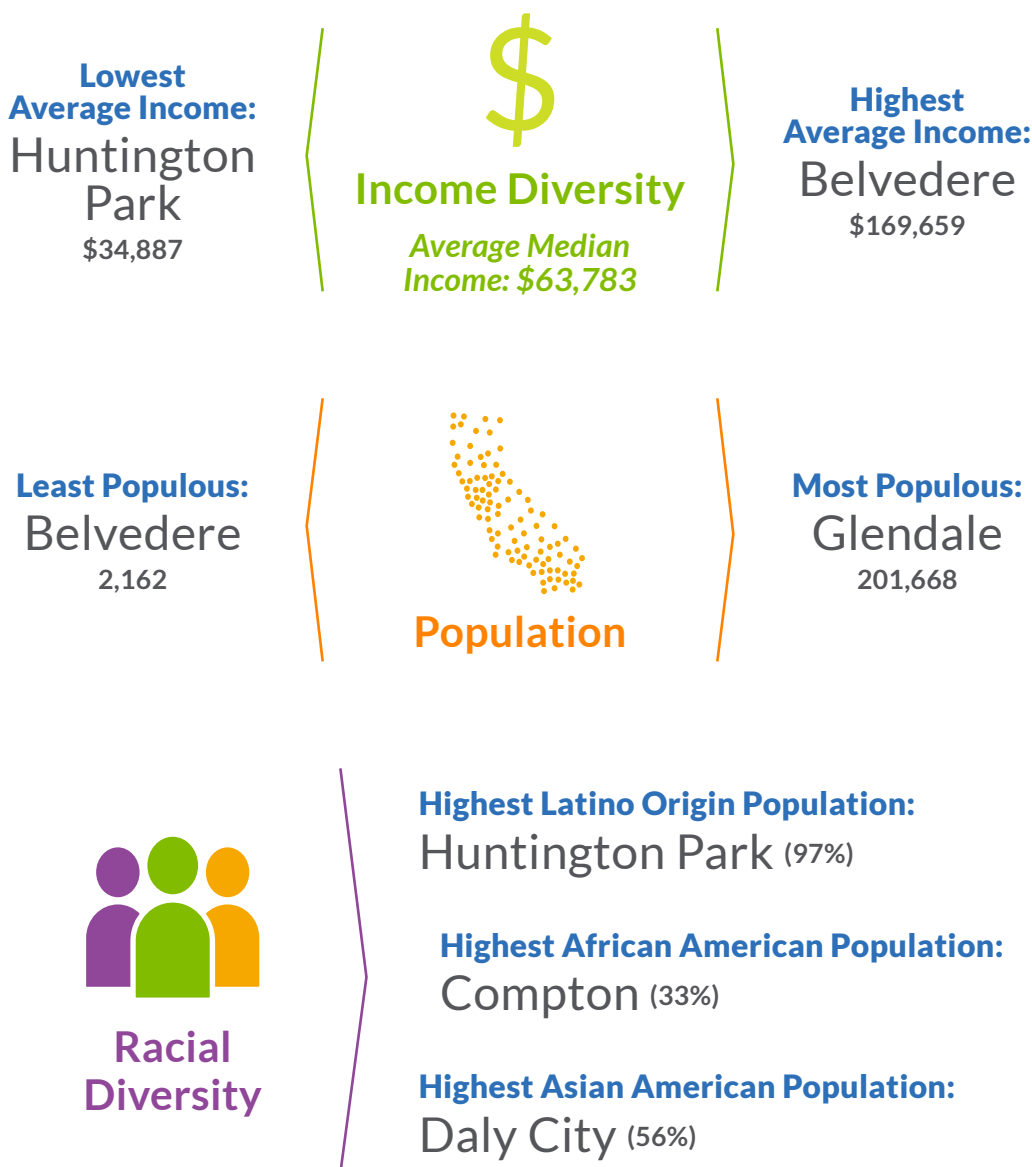

San Diego County

City	County	Grade Category Improvement
Imperial Beach	San Diego	Emerging Issues (1 point bonus)

Top of the Class: *Diverse and Different*

This year, there are 31 cities or counties that received an overall grade of “A.” These communities across California are a diverse mix in many aspects, demonstrating that support for tobacco control exists in all types of communities. See Appendix B (page 25) for a comparison of all 31 municipalities in the areas of Population, Median Income, Ethnicity, and Latino Origin.

Grades for Ten Largest Cities in California

Strong tobacco control laws in the largest cities in California could make a big difference in protecting more than a quarter of California’s residents from secondhand smoke and other dangers of tobacco.

None of California’s ten largest cities have increased their overall grade. Elected officials in California’s most populated areas must do more to ensure their residents are protected from the harmful effects of tobacco.

San Francisco Takes Action on Flavored Tobacco

San Francisco was the only top ten city to pass a tobacco control policy in 2017. The Board of Supervisors enacted new restrictions on the sale of menthol and flavored tobacco products which are used by the tobacco industry to prey on youth and minority communities. Unfortunately, the tobacco companies successfully forced this issue to the ballot in an attempt to overturn the ordinance. The issue will be decided by voters in June 2018.

California’s Report Card

Ten Largest Cities in California by Population		Overall Tobacco Control Grade
Los Angeles	Pop. 4,041,707	C
San Diego	Pop. 1,406,318	D
San Jose	Pop. 1,406,079	B
San Francisco	Pop. 874,228	B
Fresno	Pop. 525,832	F
Sacramento	Pop. 493,025	C
Long Beach	Pop. 480,173	C
Oakland	Pop. 426,074	B
Bakersfield	Pop. 383,512	F
Anaheim	Pop. 358,546	F

Community Success Stories: Youth in Communities Step Up

Reducing exposure to secondhand smoke often starts at the community level.

A number of cities in California made major policy changes thanks to the hard work of community partners and some surprisingly influential citizens.

In May 2017, the cities of Sanger in Fresno County and Laguna Beach in Orange County passed significant smokefree policies focused on reducing exposure to secondhand smoke in public places like city parks, sidewalks and parking lots. These policies did more than just raise the grades in these communities, they created a lasting impact that will improve the lives for these residents. In both instances, those leading the charge were young community activists.

Sanger, Fresno County

“ We partnered with the American Lung Association in California to attend health fairs and other community events, asking people if they would support broader smokefree parks policies and the support was overwhelming. We also teamed up with two middle school students doing a summer project featuring an event on the dangers of secondhand smoke. The event was well-attended and we realized that instead of trying to force the policy, let's make it as organic as possible. It's hard to argue with these students who are bringing something to the city council that is actually affecting them.

People are telling us that they've seen the signs and they're glad the parks are smokefree. People tell us it has improved their experience at our community parks.”

- DANIEL GALVEZ
City of Sanger

“ I'm so proud of our students. They were so invested, so dedicated in the effort. Making a difference in the community provided a sense of empowerment for the youth and it taught them that you don't have to wait to be an adult to make a difference.”

- MITZI TORRES
Big Brothers Big Sisters of Central California

Laguna Beach, Orange County

“ We had a group of Laguna Beach High School students that wanted to take action and make a difference in their community by speaking in support of the smokefree ordinance at the city council meeting. Some of the things they talked about like finding cigarette butts at the beach when they go surfing or being exposed to secondhand smoke while eating outside at restaurants, were really powerful. It was really inspirational to see the students jump on board with this effort.”

- RYAN CROWDIS
Orange County Department of Education

“ I believe the city’s “F” grade had something to do with it. A couple of city council members said they were not happy with the “F” grade and knew the city could do better. I was really impressed with the Lung Association’s willingness to provide resources that assisted city staff in the development of the ordinance.

Laguna Beach seemed like a catalyst in Orange County. Now cities are going back and looking at their ordinances to see what they can do to protect the public health of their residents and visitors.”

- RYAN HALLETT
Laguna Beach City Manager’s Office

The American Lung Association in California encourages other communities to follow the lead of these passionate students and their community leaders!

Local Grading Methodology

The American Lung Association in California established local tobacco control grades in three categories that reflect where local action is needed and where the greatest public health benefit can be derived. The bar is set high because tobacco remains the number one preventable cause of death in California and because experience shows that local action has been the cornerstone of the tobacco control movement and public health improvement.

The three tobacco control policy grades that are assigned to each city and county are:

- (1) Smokefree Outdoor Air
- (2) Smokefree Housing
- (3) Reducing Sales of Tobacco Products

These three grades plus Emerging Issues Bonus Points are then used to calculate an Overall Tobacco Control grade for each municipality. An “n/a” or “not applicable” score is given to municipalities in which it is not possible to adopt a specific type of policy due to a complete lack of the entity that is being graded. For example, if a city or county doesn’t have any stores that sell tobacco products, then the city is awarded an n/a as opposed to 0 points in the Reducing Sales of Tobacco Products category, and the grading scales are adjusted accordingly.

Below is a description of each of the grading categories, a summary of the relevant state laws and an explanation of the grade criteria.

Overall Tobacco Control Grade

Description –The Overall Tobacco Control grade is a letter grade awarded to the municipality based on its grades in the three categories, plus Emerging Issues Bonus Points.

Grade Criteria – To determine the Overall Tobacco Control grade, the city or county is given a point value for each of its grades in the three categories (**Smokefree Outdoor Air**, **Smokefree Housing**, **Reducing Sales of Tobacco Products**) as follows: A=4; B=3; C=2; D=1; and F=0. These three point values are then added together, along with the Emerging Issues Bonus Points section (3 or more bonus points = 1 additional point), for a total point value for the Overall Tobacco Control grade. The total points are turned into grades based on a scale of: A (11-12); B (8-10); C (5-7); D (2-4); and F (0-1).

Grade Scale

Below is a quick reference for the point scale for the four letter grades received by each city and county.

Overall Tobacco Control Grade

- A: 11-12 pts
- B: 8-10 pts
- C: 5-7 pts
- D: 2-4 pts
- F: 0-1 pts

Smokefree Outdoor Air Grade

- A: 18+ pts
- B: 13-17 pts
- C: 8-12 pts
- D: 3-7 pts
- F: 0-2 pts

Smokefree Housing Grade

- A: 10+ pts
- B: 7-9 pts
- C: 4-6 pts
- D: 1-3 pts
- F: 0 pts

Reducing Sales of Tobacco Products Grade

- A: 4 pts
- B: 3 pts
- C: 2 pts
- D: 1 pts
- F: 0 pts

Emerging Issues Bonus Points

3+ pts adds one point to the Overall Grade

Smokefree Outdoor Air

Description – Secondhand smoke exposure is proven to be harmful at any level. This recognition that secondhand smoke is extremely toxic has bolstered efforts by local elected officials across the state to protect the health of their residents by adopting local ordinances that restrict smoking in a variety of outdoor areas ranging from parks to sidewalks.

State Law – California used to have some of the strongest laws in the nation to protect people from harmful secondhand smoke exposure. However, these state laws mostly focus on workplaces and other indoor areas and only a few laws restricting smoking in outdoor areas, such as those detailed below. Cities and counties have the explicit authority to go beyond state law and enact secondhand smoke restrictions in outdoor areas.

Grade Criteria – The Smokefree Outdoor Air grade is based on the smoking restrictions adopted by local communities in seven outdoor areas – (1) **Dining Areas**; (2) **Entryways**; (3) **Public Events**; (4) **Recreation Areas**; (5) **Service Areas**; (6) **Sidewalks in Commercial Areas**; and (7) **Worksites**. In the five outdoor areas, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance. In two of the outdoor areas (Sidewalks in Commercial Areas and Worksites), the city or county is given a point value of 0 or 1 based on their local ordinance. These point values for the seven areas are then added together to calculate the overall Smokefree Outdoor Air grade using a scale of: A (18+); B (13-17); C (8-12); D (3-7); and F (0-2).

Dining Areas

Description – Restrictions on smoking in outdoor seating areas at restaurants and bars.

State Law – Smoking is prohibited in indoor dining areas but there are no state law restrictions on smoking in outdoor dining areas.

Criteria

- 4 – All outdoor dining areas at bars and restaurants are 100% smokefree
- 2 – Smoking restricted in outdoor dining areas but designated smoking areas allowed or exceptions made for certain types of bars and/or restaurants
- 0 – No smoking restrictions in outdoor dining areas

Entryways

Description – Restrictions on smoking in places within a certain distance of doors, windows, and other openings into all enclosed areas where smoking is prohibited.

State Law – Smoking is prohibited within 20 feet of entrances, exits, or operable windows of a public building, which includes state, county and city buildings.

Criteria

- 4 – Smoking prohibited within 20 or more feet of entryways
- 3 – Smoking prohibited within 15-19 feet of entryways
- 2 – Smoking prohibited within some distance less than 15 feet of entryways or within an unspecified distance of entryways
- 0 – No smoking restrictions for entryways

Public Events

Description – Smoking restrictions at events open to the public such as fairs, farmer’s markets, parades, concerts and other similar events that take place on public property.

State Law – There are no statewide restrictions on smoking in outdoor public events.

Criteria

- 4 – All public events are 100% smokefree
- 3 – Smoking restricted at all public events, but designated smoking areas are permitted
- 2 – Smoking restricted at specific types of public events (such as in all farmer’s markets), but not all public events
- 0 – No restrictions on smoking at public events

Recreation Areas

Description – Smoking restrictions at parks, beaches, trails and other similar recreation areas.

State Law – Smoking is prohibited within 25 feet of tot lots and playgrounds.

Criteria

- 4 – All recreation areas are 100% smokefree
- 3 – Smoking restricted in all recreation areas, but designated smoking areas are permitted
- 2 – Smoking prohibited in some parks, beaches and trails but not all recreation areas
- 0 – No smoking restrictions in recreation areas

Service Areas

Description – Smoking restrictions in outdoor locations where people stand or wait for services including ATM lines, public transit stops, taxi stands and ticket lines.

State Law – There are no statewide restrictions on smoking in service areas.

Criteria

- 4 – Smoking restricted at all service areas
- 2 – Smoking restricted at some types of service areas (such as at bus stops) but not all service areas
- 0 – No restrictions on smoking in service areas

Smokefree Outdoor Air - Sidewalks in Commercial Areas

Description – Smoking restrictions on sidewalks and other pedestrian walkways in commercial areas, such as downtown areas and outdoor shopping centers.

State Law – There are no statewide restrictions on smoking on sidewalks in commercial areas.

Criteria

- 1 – Smoking restricted on sidewalks or other pedestrian walkways within all commercial areas or within a specified commercial or downtown area

Smokefree Outdoor Air - Worksites

Description – Smoking restrictions in outdoor places of employment, such as construction sites.

State Law – There are no statewide restrictions on smoking in outdoor worksites.

Criteria

- 1 – Smoking restricted for some or all outdoor worksites

Smokefree Housing

Description – While California has been a leader on protections from secondhand smoke, one area where people continue to be unprotected is in multi-unit housing. Secondhand smoke exposure in multi-unit housing is a serious health threat because secondhand smoke drifts into housing units from other units, balconies, patios and common areas.

State Law – The only statewide smoking restriction in multi-unit housing is a workplace restriction prohibiting smoking in indoor common areas (described below) and is not intended to protect the health of tenants. A new state law that went into effect on January 1, 2012 authorizes landlords to prohibit smoking in the units they manage. While it was legal for landlords to prohibit smoking in the apartments they own and manage prior to this law, that authority is now specifically articulated in state law. Cities and counties are allowed to go beyond state law in enacting secondhand smoke restrictions for multi-unit housing and the new state law does not preempt these local ordinances.

Grade Criteria – Cities and counties have taken a variety of approaches in passing local ordinances to try to address the problem of secondhand smoke in multi-unit housing. The overall Smokefree Housing grade is based on the grades for three types of smokefree housing policies – (1) **Nonsmoking Units in Apartments**; (2) **Nonsmoking Units in Condominiums**; (3) **Nonsmoking Common Areas**. For three of the policy areas, the city or county is given a point value between 0 and 4 based on the strength of their local ordinance the point values for the three areas are then added together to calculate the overall Smokefree Housing Grade. The point values are added and given a grade using a scale of: A (10+); B (7-9); C (4-6); D (1-3); and F (0).

Nonsmoking Units in Apartments

Description – Prohibiting smoking within the units of multi-unit apartment buildings.

State Law – There are no statewide restrictions on smoking in units of multi-unit housing.

Criteria

- 4 – Prohibits smoking in 100% of units for both new and existing apartments
- 2 – Prohibits smoking in 75% or more of new and existing apartments units
- 1 – Prohibits smoking in 75% or more of new apartment units
- 0 – No requirements for declaring multi-unit housing units nonsmoking

Nonsmoking Units in Condominiums

Description – Prohibiting smoking within the units of multi-unit condominium buildings.

State Law – There are no statewide restrictions on smoking in units of multi-unit housing.

Criteria

- 4 – Prohibits smoking in 100% of units for both new and existing condos
- 2 – Prohibits smoking in 75% of new and existing condos units
- 1 – Prohibits smoking in 75% or more of new condos units
- 0 – No requirements for declaring multi-unit housing units nonsmoking

Nonsmoking Common Areas

Description – Smoking restrictions in both indoor common areas, which include hallways, stairwells, laundry rooms and recreation rooms, and outdoor common areas, which include swimming pools, play areas, outdoor eating areas and courtyards of multi-unit housing.

State Law – Smoking is prohibited in indoor common areas of apartments and condominiums if the areas are places of employment. These areas are places of employment if there is an employee who works on the property, such as an on-site property manager, security guard or maintenance worker.

Criteria

- 4 – Smoking restricted in all indoor and outdoor common areas, including ordinances that allow for designated smoking areas in outdoor common areas
- 2 – Smoking restricted in all indoor common areas, but not outdoor common areas
- 0 – No restrictions on smoking in common areas

Reducing Sales of Tobacco Products

Description – An important aspect of reducing the smoking prevalence rates in California is to reduce the availability and sales of tobacco products. This most efficient way to do this is through the tobacco retail environment.

State Law – California has several statewide laws related to access to and sales of tobacco products that are described in the policy areas below. The state allows municipalities to go beyond state law in enacting restrictions in these policy areas.

Grade Criteria – The Reducing Sales of Tobacco Products grade is determined by the ordinances adopted by cities/counties in one area, **Local Tobacco Retailer Licensing Ordinance**. For this policy area, the city or county is given a point value between 0 and 4 based on the strength of their ordinance. The point value regarding the Tobacco Retailer Licensing Ordinance is then used to calculate the overall Reducing Sales of Tobacco Products grade using a scale of: A (4); B (3); C (2); D (1); and F (0).

Local Tobacco Retailer Licensing Ordinance

Description – Youth under the age of 21 are often able to purchase tobacco products at all types of retailers, ranging from convenience stores and gas stations to large chain grocery stores and pharmacies, even though it is illegal to sell tobacco products to minors. To combat this problem many cities and counties in California are passing ordinances that require tobacco retailers to obtain a license to sell tobacco products, which allows municipalities to keep track of tobacco retailers, conduct enforcement activities to ensure compliance with state and local laws and penalize retailers who sell to minors.

State Law – It is illegal in the state to sell or give tobacco products to anyone under the age of 21. There are laws in California to punish the business owner or the clerk when an illegal sale is made. Tobacco retailers are also required to obtain a state tobacco retailer license with an annual fee of \$265, which has generally been used to combat black market sales and tax evasion.

Criteria – In order for a local licensing ordinance to effectively reduce illegal sales to minors, it must contain four provisions: (1) requiring tobacco retailers to pay an annual fee that sufficiently covers administration and enforcement efforts, including compliance checks; (2) requirement that all retailers obtain a license to sell tobacco and renew it annually; (3) provision that any violation of a local, state or

federal tobacco law is considered a violation of the license; and (4) financial deterrent through fines and penalties for violations that includes suspension and revocation of the license. Of these four provisions, it is essential that the licensing ordinance requires a sufficient fee that will cover the administration and enforcement of the license to ensure that these activities occur. A city/county can get credit for meeting the annual fee requirement if it uses other sustainable funding sources (such as funds from the Master Settlement Agreement) that are dedicated for administration and enforcement of the retailer license.

The grade for Local Tobacco Retailer Licensing Ordinance section is based on the provisions of the ordinance that a city or county has adopted with the following scale:

- 4 – Licensing ordinance with sufficient annual fee and the other 3 provisions outlined above
- 3 – Licensing ordinance with sufficient annual fee and 2 of the other 3 provisions outlined above
- 2 – Licensing ordinance with sufficient annual fee and 1 of the other 3 provisions outlined above
- 1 – Licensing ordinance with sufficient annual fee and 0 of the other 3 provisions outlined above or licensing ordinance with insufficient annual fee and any of the other 3 provisions outlined above
- 0 – No licensing ordinance or a licensing ordinance with none of the provisions outlined above

Emerging Issue Bonus Points Methodology

Description – To combat ways the tobacco industry promotes the use of tobacco, cities and counties are adopting policies in new and challenging areas to reduce the prevalence of smoking in California.

Grade Criteria – The Emerging Issues section includes 6 possible bonus points and factors them into the Overall Tobacco Control Grade. Bonus points are available in the following issue areas (1) **Emerging Products Definition in Secondhand Smoke**; (2) **Emerging Products Definition in Tobacco Retailer Licensing Ordinances** (3) **Tobacco Retailer Location Restrictions**; (4) **Sales of Tobacco Products in Pharmacies**; (5) **Flavored Tobacco Product**; and (6) **Minimum Packaging of Cigars**. Receiving a total of 3 or more of these bonus points adds one point to the Overall Tobacco Control points.

Emerging Products Definition Secondhand Smoke

Description – The tobacco industry is constantly creating and marketing new tobacco products. These products are often targeted to kids and can continue to attract new users to tobacco products. One such product is electronic cigarettes.

State Law – State law restricts electronic cigarettes in the same places where it restricts traditional cigarettes.

Criteria

1 bonus point – There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's secondhand smoke laws, and the jurisdiction's secondhand smoke laws extend further than the state laws.

Emerging Products Definition Tobacco Retailer License

Description – The tobacco industry is constantly creating and marketing new tobacco products. These products are often targeted to kids and can continue to attract new users to tobacco products. One such product is electronic cigarettes.

State Law – It is illegal to sell electronic cigarettes to anyone under the age of 21.

Criteria

1 bonus point – There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's tobacco retailer licensing ordinance.

Reducing Sales of Tobacco Products Flavored Tobacco Products

Description – Another tool used by tobacco companies to target youth and gain new customers is to produce tobacco products in a myriad of flavors. Restricting the flavors of tobacco helps to reduce the appeal to youth.

State Law – There are no statewide laws restricting the sale of flavored tobacco products.

Criteria

1 bonus point – The sale of flavored tobacco products, including cigars, little cigars, pipe tobacco and electronic cigarettes is prohibited.

Reducing Sales of Tobacco Products *Tobacco Retailer Location Restrictions*

Description – Cities and counties can restrict where tobacco retailers are located and can prohibit them from being located within a certain distance, such as within 1,000 feet, of schools and parks. This type of policy can be enacted in several ways including through conditional use permits, other zoning restrictions and local tobacco retailer licensing ordinances. By reducing the presence of tobacco retailers in locations where youth congregate, this type of policy can reduce sales of tobacco products to youth and assist with efforts to reduce youth smoking. Furthermore, the number of tobacco stores in a neighborhood can have an effect on youth smoking behaviors in that neighborhood and in some disadvantaged neighborhoods, the numbers of tobacco retailers is far greater than in less disadvantaged neighborhoods.

State Law – There are no statewide laws restricting tobacco retailers from being within a certain distance of schools and parks based on proximity to other retailers or populations.

Criteria

1 bonus point – The city/county restricts businesses that sell tobacco from being located within a certain distance of schools and/or parks through a conditional use permit, other zoning restrictions or a local tobacco retailer licensing ordinance. Or the city/county prohibits a tobacco retailer from being located within a certain distance of other retailers to avoid a high concentration in certain areas. Or there is a limit to the number of tobacco retailer licenses that can be issued.

Reducing Sales of Tobacco Products *Sale of Tobacco Products in Pharmacies*

Description – Cities and counties can restrict sales of tobacco products at pharmacies. Pharmacies are traditionally places where people go to purchase products to get healthy or improve their health. The availability of tobacco products at pharmacies associates them with other healthy products and with the general health focus of these stores. Selling tobacco at pharmacies is contrary to a pharmacy's purpose and sends a mixed message to consumers and youth.

State Law – There is no statewide law that restricts pharmacies from selling tobacco products. Pharmacies that elect to sell tobacco products, like all other types of tobacco retailers, must obtain a statewide tobacco retailer license.

Criteria

1 bonus point – Tobacco products are prohibited from being sold at all pharmacies or at certain types of pharmacies in the city/county

Reducing Sales of Tobacco Products *Minimum Pack Size of Cigars*

Description – Tobacco products are often sold individually to make them less expensive, and more enticing to youth. Establishing policies to ensure minimum packaging, or a minimum unit in which cigars can be sold in, will increase the purchase price and help protect youth from the health dangers of smoking little cigars and cigarillos.

State Law – There is no statewide law that restrict the sale of cigars in individual or small packages.

Criteria

1 bonus point – Prohibits the sale of cigars in individual or small packages, which increases the price and makes them less attractive to youth.

APPENDIX C: Raise Your Grade

As is evidenced by the 31 cities and counties that have overall “A” grades, strong tobacco control policies can work in any community. So how can your community improve its health and raise its grade? Below is a worksheet that can be used to determine what types of policies could improve the health of your city or county and help raise its grade. Just fill in the points for the policies your community already has in the right-hand column, and see how many more points you will need to increase your grade. These policies will improve the health of your communities and ensure that tobacco is kept out of the hands of children.

Smokefree Outdoor Air

	1 Point	2 Points	3 Points	4 Points	Total Points
Dining		Allows designated smoking areas or includes exceptions		100% smokefree	
Entryways		Less than 15 feet of all entryways or within an unspecified distance	Within 15-19 feet of all entryways	20 or more feet from all entryways	
Public Events		Some types of public events but not all	Allows designated smoking areas	100% smokefree	
Recreation Areas		Some parks, beaches and trails	Allows designated smoking areas	100% smokefree	
Service Areas		Some types of service areas but not all		All service areas	
Sidewalks	Some or all sidewalks or other pedestrian walkways				
Worksites	Some or all outdoor worksites				
18+ Points: A 13-17 Points: B 8-12 Points: C 3-7 Points: D 0-2 Points: F					Total:

Smokefree Housing

	1 Point	2 Points	3 Points	4 Points	Total Points
Nonsmoking Units in Apartments	Prohibits smoking in 75% or more of new apartment units	75% or more of new and existing apartment units		75-100% of units for both new and existing apartments	
Nonsmoking Units in Condominiums	Prohibits smoking in 75% or more of new condos units	75% or more of new and existing condos units		75-100% of units for both new and existing condos	
Nonsmoking Common Areas		Indoor common areas	Allows designated smoking areas	100% smokefree	
10+ Points: A 7-9 Points: B 4-6 Points: C 1-3 Points: D 0 Points: F					Total:

Reducing Sales of Tobacco Products

Policy Provisions:

- (1) Require tobacco retailers to pay an annual fee that sufficiently covers administration and enforcement efforts, including compliance checks;
- (2) Requirement that all retailers obtain a license to sell tobacco and renew it annually;
- (3) Provision that any violation of a local, state or federal tobacco law is considered a violation of the license; and
- (4) Financial deterrent through fines and penalties for violations that includes suspension and revocation of the license.

	1 Point	2 Points	3 Points	4 Points	Total Points
Tobacco Retailer Licensing	A sufficient annual fee and 0 of the other 3 provisions outlined above or licensing ordinance with insufficient annual fee and any of the other 3 provisions outlined above	A sufficient annual fee and 1 of the other 3 provisions outlined above	A sufficient annual fee and 2 of the other 3 provisions outlined above	A sufficient annual fee and the other 3 provisions outlined above	
4+ Points: A 3 Points: B 2 Points: C 1 Points: D 0 Points: F					Total:

Emerging Issues Bonus Points

Bonus Point		
Secondhand Smoke (Bonus Point)	There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's secondhand smoke laws and the jurisdiction's secondhand smoke laws extend further than the state laws.	
Tobacco Retailer License (Bonus Point)	There is a strong definition of smoke, smoking or tobacco product that would include electronic cigarettes or other new and emerging tobacco products in a jurisdiction's tobacco retailer licensing ordinance.	
Tobacco Retailer Location Restrictions (Bonus Point)	Restricts businesses that sell tobacco from being located within certain distance of schools and/or parks. Or the policy prohibits a tobacco retailer from being located within a certain distance of other retailers to avoid high concentration in certain areas. Or there is a limit to the number of tobacco retailer licenses that can be issued.	
Sales in Pharmacies (Bonus Point)	Prohibit sales in all or some pharmacies	
Flavored Tobacco Products (Bonus Point)	The sale of flavored tobacco products, including cigars, little cigars, pipe tobacco and electronic cigarettes is prohibited.	
Minimum Pack Size of Cigars (Bonus Point)	Prohibit the sale of cigars in individual or small packages, which increases the price and makes them less attractive to youth.	
Total:		

Each of the six Emerging Issues can receive 1 bonus point. Receiving a total of 3 or more of these bonus points adds one point to the Overall Tobacco Control points.
